PROFESSIONAL SUMMARY

Senior UX/UI and Product Designer with 6+ years of experience designing user-centered digital products across e-commerce, ERP, fintech, healthcare, marketplaces, and B2B/B2C platforms. Experienced in qualitative and quantitative user research, user flows, wireframing, high-fidelity prototyping, responsive web and mobile design, usability testing, design systems, accessibility, and data-informed optimization. Strong collaboration with Product, Engineering, Business, and E-commerce teams, with working knowledge of JavaScript, TypeScript, and React Native. English: Intermediate.

CORE SKILLS

UX & Product Design: User Research (Qualitative & Quantitative), User Flows, Wireframing, Low- and High-Fidelity Prototyping, Responsive Web Design, Mobile Design, UI Design, Design Systems, Accessibility, Design Thinking, Usability Testing, Conversion Optimization

Analytics & Validation: Google Analytics, Hotjar, Microsoft Clarity, Maze, Metrics Analysis, Hypothesis Validation

Tools & Technical: Figma, Framer, Spline, Photoshop, Illustrator, Notion, Miro, Power BI, Microsoft Office, JavaScript, TypeScript, React Native, Figma MCP, Codex, Claude

Ways of Working: Agile, Scrum, OKRs, Cross-functional Collaboration, Effective Communication, Teamwork, Adaptability, Critical Thinking, Time Management, Attention to Detail

PROFESSIONAL EXPERIENCE

Senior UX/UI Designer | Performa IT (Pague Menos account)

Feb 2026 - Present

- Own the evolution of the user experience for the Pague Menos e-commerce website, analyzing customer journeys, identifying opportunities, and designing responsive web solutions.
- Redesign strategic areas including the Home page and Product Detail Pages (PDPs), with a focus on conversion, product discovery, and content exploration.
- Create wireframes and high-fidelity prototypes with attention to usability, accessibility, visual consistency, and technical feasibility.
- Analyze user behavior with Google Analytics, Hotjar, and Microsoft Clarity to prioritize improvements and validate hypotheses with behavioral data.
- Plan usability tests in Maze and collaborate with Product, Engineering, Business, and E-commerce teams throughout the product development lifecycle.
- Evolve the Design System and use Codex and Claude with Figma MCP to accelerate prototyping, documentation, and scalable component creation.

Senior Product Designer | Quattrus (Freelance)

Mar 2025 - Jun 2026

- Designed end-to-end user flows for digital product experiences.
- Created wireframes and high-fidelity prototypes for ERP-focused solutions.
- Tracked product metrics in collaboration with the Engineering team to support design decisions and product evolution.
- Redesigned the mobile application experience to improve usability and product consistency.

Senior UX Designer | Labsit

Apr 2023 - Jun 2025

- Performed UX assessments and rebranding initiatives for digital products, reviewing and improving navigation flows across responsive web and mobile platforms.
- Created and documented low- and high-fidelity wireframes and prototypes for web and mobile, ensuring responsive behavior and usability.
- Collaborated with Front-End teams on new features and reusable components using React Native.
- Designed interfaces and user flows for marketplaces and specialized systems serving both B2B and B2C audiences.
- Contributed to large-scale national and international projects across investment platforms, health insurance sales, workforce management, personal credit, and other digital products.
- Achievement: Implemented product rebranding and interface standardization for an investment portfolio client, creating visual consistency and streamlining front-end implementation.
- Achievement: Designed demonstration screens for high-intent leads, strengthening product presentations and supporting contract-closing efforts.

UX/UI Design Instructor | Juventude Digital (Independent Contractor)

Oct 2023 - Oct 2024

- Taught introductory UX Design and UI Design courses, including hands-on Figma training.
- Achievement: Led the course with the highest participation rate (84%) and highest completion rate (58%) in the Q4 2023 training cycle.
- Achievement: Achieved an NPS of 92% for the Introduction to UI Design with Figma course.

UX/UI Designer | Kand-ID

Nov 2022 - Mar 2024

- Worked in partnership with ICC Biolabs to improve the patient journey in healthcare environments.
- Conducted market research, defined product requirements, and developed MVPs focused on user experience.
- Designed high-fidelity prototypes for responsive web and mobile products.
- Achievement: Designed an integrated user, admin, and management workflow for clinic queue management, aimed at reducing patient bureaucracy.

Junior UX Designer | Rodobank

Jun 2022 - Mar 2023

- Led the usability and interface redesign of IPEF/Fintech Rodobank platforms serving more than 80,000 users.
- Conducted user research to evaluate platform flows and interfaces.
- Designed high-fidelity prototypes for new responsive web and mobile products.
- Developed and followed new features and solutions in collaboration with Product and Engineering teams.
- Introduced flowcharts to improve developer onboarding and understanding of business rules.
- Monitored product metrics and customer requests to support prioritization and continuous improvement.

UX/UI Designer | PIBI 2020 - CEMP

Feb 2020 - Jan 2021

- Scholarship recipient in the PIBI 2020 Innovative Entrepreneurship Incentive Program.
- Created low-, medium-, and high-fidelity prototypes and developed the platform visual identity.
- Conducted hypothesis-validation interviews and created personas to support product decisions.
- Applied Design Thinking and product development practices using Scrum, OKRs, Sprints, and Value Proposition Canvas.

EDUCATION

Postgraduate Program in User Experience (UX) and Human-Computer Interaction (HCI) | Pontifical Catholic University of Rio de Janeiro

Nov 2022

- GPA: 9.5533

Bachelor's Degree in Mechanical Engineering | Federal University of Ceara

Jul 2022

- GPA (Individual): 9.2617 | GPA (Overall): 8.625

COURSES & PROFESSIONAL DEVELOPMENT

- Becoming a Product Owner - Udemy, Jan 2023
- React Native Development with JavaScript - Alura, May 2023
- Figma Course - FEUX, 2024

ADDITIONAL HIGHLIGHTS

- Speaker - SEELECT UFC Engineering Week, Nov 2022. Talk: "UX as an Entry Point and Engineering as an Exit Window."
- UI Design Instructor - Juventude Digital Design Track, Nov 2023. Topic: "Learning UI Design with Figma."
- 1st Place - Feira do Conhecimento 2022 Hackathon. Challenge: Connecting patients, healthcare professionals, and hospital managers.
